You have the right, upon request, to obtain a copy of the policy, your application and any written statements or other records you have provided to Great-West Life as evidence of insurability, subject to certain limitations.

Legal Actions

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act or other applicable legislation (e.g. *Limitations Act, 2002* in Ontario, Quebec Civil Code).

Benefit Limitation for Overpayment

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Great-West Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Great-West Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Great-West Life's right to use other legal means to recover the overpayment.

Information About Your Flex Plan

- Option changes take effect every other July 1st, unless the change results from a change in family status. If it does, the option change will take effect on the date the application for the change is made, as long as it is made within 31 days of the status change. Otherwise, the change will not take effect until the following July 1st.

Note: You can only move to a different option level at re-enrollment time and you are locked in at that option for 2 years. These restrictions are waived if you are changing options because of a family status change.

- If you experience a change in family status during a plan year that affects your coverage needs, you may make changes to your benefit options that directly relate to your status change without waiting for the next July 1st re-enrollment period. Any of the following is considered a change in family status:
 - acquiring your first dependent (spouse or child)
 - acquiring a spouse if you have child coverage only
 - acquiring your first child (birth, adoption or step-child) if you have spouse coverage only
 - involuntary loss of similar coverage through your spouse's group benefit program (for example, because of a change in your spouse's employment status)
 - death of your spouse or only child
 - your spouse or only child ceasing to qualify for coverage (for example, through divorce or your child's attainment of a limiting age – see Dependent Coverage in this booklet)

Note: See your administrator for details no later than 31 days after a change in family status occurs. Certain conditions apply.

COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan on the date your employment begins.

- You and your dependents will be covered as soon as you become eligible.

You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Great-West Life, you and your dependents may be required to provide evidence of insurability acceptable to Great-West Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Temporary, part-time and seasonal employees may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. Your employer will provide you with details.

Survivor Benefits

If you die, coverage for Health & Dental Benefits for your surviving covered dependents will continue until the earliest of:

- For your children, until they no longer qualify.
- For your surviving spouse:
 - Your spouse's death
 - The end of the month in which your spouse remarries

Note: Survivor coverage will be continued under the retiree benefit after the date you would have reached age 65

DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months.

- Your unmarried children under age 21, or under age 25 if they are full-time students.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

BENEFICIARY DESIGNATION

You may make, alter, or revoke a designation of beneficiary as permitted by law. You should review any beneficiary designation made under this policy from time to time to ensure that it reflects your current intentions. You may change the designation by completing a form available from your employer.

EMPLOYEE BASIC LIFE INSURANCE

On your death, Great-West Life will pay your life insurance benefits to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

- Your life insurance terminates when you reach age 70.
- If you become disabled while insured, Great-West Life may waive the premiums on your life insurance after the waiting period, throughout the benefit period.

The waiting period is the same as the waiting period under your employer's long term disability income plan.

A benefit period is the period of time after the waiting period during which you satisfy the disability definition under your employer's long term disability income plan. A benefit period will not continue past your 65th birthday.

- If any or all of your insurance terminates on or before your 65th birthday, you may be eligible to apply for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.

DEPENDENT BASIC LIFE INSURANCE

If one of your dependents dies, Great-West Life will pay you the dependent life insurance benefit. Your employer will explain the claim requirements.

- Your dependent life insurance terminates when you reach age 70 or when you no longer have eligible dependents, whichever comes first.
- If you are disabled and the premiums for your employee life insurance are waived, your dependent life insurance will also continue without premium payment until your own coverage terminates or your dependents no longer qualify.
- If your spouse's insurance terminates on or before his or her 65th birthday, he or she may be eligible for an individual conversion policy without providing proof of insurability. You or your spouse must apply and pay the first premium no later than 31 days after the group insurance terminates. See your employer for details.
- The conversion policy is not available to a spouse who is not insured for both basic and optional life insurance.

OPTIONAL LIFE INSURANCE

Optional Life Insurance allows you to choose additional coverage for yourself, your spouse, or your children. Check the **Benefit Summary** for the amount of Optional Life Insurance available. When you apply for Optional Life Insurance, you must provide proof of insurability, and the application must be approved by Great-West Life. If you or your spouse dies within two years after applying for Optional Life Insurance, Great-West Life has the right to verify any medical information you or your spouse provided. If any inconsistencies are discovered, the claim will be denied and any premiums paid will be refunded.

On your death, Great-West Life will pay your life insurance to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements. If your spouse dies you will be paid the amount for which he or she was insured.

- If you are approved for waiver of premium on your basic life insurance, any optional life insurance for you, your spouse and your dependent children will also continue without premium payment as long as your basic life insurance continues but not beyond the date your optional insurance would otherwise terminate.
- If your or your spouse's optional life insurance terminates, you or your spouse may be eligible to apply for an individual conversion policy without providing proof of insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.
- Your optional life insurance terminates when you reach age 65. Your spouse's coverage terminates at the same time, or when he or she reaches age 65 or is no longer your spouse, whichever comes first. Your child's coverage terminates when your coverage terminates or when he or she is no longer an eligible dependent, whichever comes first.

Limitation

No benefit is paid for suicide within the first two years of initial or increased optional life coverage. In such a situation, Great-West Life refunds the premiums that have been received. This limitation does not apply to coverage for a dependent child.

**ACCIDENTAL DEATH, DISMEMBERMENT AND
SPECIFIC LOSS (AD&D) INSURANCE**

If you suffer one of the losses listed below as the result of an accident which occurs while you are insured, you will be paid the factor or portion of the Principal Sum shown opposite the loss in the table below. The loss must occur no later than 365 days after the accident. For loss of use, the loss must be continuous for 365 days. If you suffer multiple losses to the same limb as the result of the same accident, only the loss providing the highest amount payable will be paid.

If you die as a result of an accident, Great-West Life will pay the Principal Sum to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

The Principal Sum is the maximum amount that will be paid for all injuries resulting from the same accident. For paraplegia, hemiplegia, and quadriplegia, the maximum amount that will be paid for all injuries resulting from the same accident is two times the Principal Sum.

Your AD&D insurance terminates when you reach age 70.

Surgical Reattachment

If you suffer the loss of a limb that is surgically reattached, Great-West Life will pay 50% of the amount that would have been payable if the loss had been permanent, regardless of the amount of use regained. The balance of the benefit will be payable if the reattachment fails and the reattached part is removed within one year after the reattachment was performed.

Repatriation

If you die as the result of an accident that is at least 150 kilometres away from your home, Great-West Life will pay up to \$2,500 for the preparation and transportation of your body to the place of burial or cremation less any amounts paid under this plan's global medical assistance benefit.

Educational Benefit for Dependent Children

If benefits are payable under this benefit provision for your death, Great-West Life will pay the tuition fees for enrolling your dependent children as full-time students at a post-secondary institution. To qualify for an educational benefit, a dependent child must have been enrolled as a full-time student at a post-secondary institution at the time of the accident causing your death, or he must have been enrolled as a full-time student at the secondary school level at the time of the accident causing your death and enrolls as a full-time student at a post-secondary institution within 365 days after the accident.

Great-West Life will pay up to 5% of the Principal Sum, or \$5,000, whichever is less, for each year of full-time post-secondary school enrolment. Great-West Life will pay the educational benefit each year for a maximum of 4 consecutive years upon receipt of proof of full-time enrolment.

No benefits will be paid for tuition expenses incurred before the accident, or room or board or other ordinary living, travelling, or clothing expenses.

Family Transportation Benefit

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Great-West Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Benefits for lodging are limited to moderate quality accommodation for the area of hospitalization. Telephone expenses and taxicab and car rental charges are included. Meal expenses are not covered.

Transportation expenses are limited to round trip economy class transportation. If a private vehicle is used, expenses are limited to \$.44 per kilometre travelled.

Occupational Training Benefit for Spouses

If benefits are payable under this benefit provision for your death, Great-West Life will pay for expenses associated with your spouse's enrolment in an accredited occupational training program. The purpose of the training program must be to provide the spouse with at least the minimum qualifications required for employment in an occupation for which the spouse would not otherwise qualify.

Great-West Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Educational Benefit

If benefits are payable under this benefit provision for an injury that requires you to change occupations, Great-West Life will pay the tuition fees for enrolling you as a student at a post-secondary institution for training in a new occupation. To qualify for an educational benefit, you must enrol at a post-secondary institution within 365 days after the accident. Great-West Life will pay up to \$10,000.

No benefits will be paid for tuition expenses incurred before the accident, expenses incurred more than 2 years after the accident causing the injury, or room or board or other ordinary living, travelling, or clothing expenses.

Wheelchair Benefit

If benefits are payable under this benefit provision for an injury that requires the use of a wheelchair for you to be ambulatory, Great-West Life will pay for alterations to your principal residence to make it wheelchair accessible and habitable, and modifications to a motor vehicle you use to make it accessible to and driveable by you.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

Great-West Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's healthcare benefit, up to \$10,000 for all home and vehicle modifications combined.

No benefits will be paid for expenses incurred more than 365 days after the accident, or for subsequent alterations to your home or vehicle after an initial claim for benefits has been made under this wheelchair benefit provision.

Limitations

No benefits are paid for injury or death resulting from:

- Intentionally self-inflicted injury or suicide
- Viral or bacterial infections, except pyogenic infections occurring through the injury for which loss is being claimed

- Air travel serving as a crew member, or in aircraft owned, leased or rented by your employer, or air travel where the aircraft is not licensed or the pilot is not certified to operate the aircraft

Out-Of-Country Care

- **Emergency care** outside Canada is covered if it is required as a result of a medical emergency arising while you or your dependent is temporarily outside Canada for vacation, business or education purposes. To qualify for benefits, you must be covered by the government health plan in your home province.

A medical emergency is either a sudden, unexpected injury, or a sudden, unexpected illness or acute episode of disease that could not have been reasonably anticipated based on the patient's prior medical condition.

Emergency care is covered medical treatment that is provided as a result of and immediately following a medical emergency.

If the patient's condition permits a return to Canada, benefits are limited to the lesser of:

- the amount payable under this plan for continued treatment outside Canada, and
- the amount payable under this plan for comparable treatment in Canada plus the cost of return transportation.

No benefits are paid for:

- any further medical care related to a medical emergency after the initial acute phase of treatment. This includes non-emergency continued management of the condition originally treated as an emergency
- any subsequent and related episodes during the same absence from Canada
- expenses related to pregnancy and delivery, including infant care:
 - after the 34th week of pregnancy, or
 - at any time during the pregnancy if the patient's medical history indicates a higher than normal risk of an early delivery or complications.
- expenses incurred more than 30 days after the date of departure from Canada. If you or your dependent is hospital confined at the end of the 30-day period, benefits will be extended to the end of the confinement

- **Non-emergency care** outside Canada is covered for you and your dependents if:
 - it is required as a result of a referral from your usual Canadian physician
 - it is not available in any Canadian province and must be obtained elsewhere for reasons other than waiting lists or scheduling difficulties
 - you are covered by the government health plan in your home province for a portion of the cost, and
 - a pre-authorization of benefits is approved by Great-West Life before you leave Canada for treatment.

No benefits will be paid for:

- investigational or experimental treatment
- transportation or accommodation charges.

The plan covers the following services and supplies when related to out-of-country care:

- treatment by a physician
- diagnostic x-ray and laboratory services
- hospital accommodation in a standard or semi-private ward or intensive care unit, if the confinement begins while you or your dependent is covered
- medical supplies provided during a covered hospital confinement
- paramedical services provided during a covered hospital confinement
- hospital out-patient services and supplies
- medical supplies provided out-of-hospital if they would have been covered in Canada
- drugs
- out-of-hospital services of a professional nurse
- for emergency care only:
 - ambulance services by a licensed ambulance company to the nearest centre where essential treatment is available
 - dental accident treatment if it would have been covered in Canada.

Other Services and Supplies

Great-West Life can, on such terms as it determines, cover services or supplies under this plan where the service or supply represents reasonable treatment.

Limitations

Great-West Life can decline a claim for services or supplies that were purchased from a provider that is not approved by Great-West Life.

Great-West Life can limit the covered expense for a service or supply to that of a lower cost alternative service or supply that represents reasonable treatment.

Except to the extent otherwise required by law, no benefits are paid for:

- Expenses private insurers are not permitted to cover by law
- Services or supplies for which a charge is made only because you have insurance coverage
- The portion of the expense for services or supplies that is payable by the government health plan in your home province, whether or not you are actually covered under the government health plan
- Any portion of services or supplies which you are entitled to receive, or for which you are entitled to a benefit or reimbursement, by law or under a plan that is legislated, funded, or administered in whole or in part by a government ("government plan"), without regard to whether coverage would have otherwise been available under this plan

In this limitation, government plan does not include a group plan for government employees

- Services or supplies that do not represent reasonable treatment
- Services or supplies associated with:
 - treatment performed only for cosmetic purposes
 - recreation or sports rather than with other daily living activities
 - the diagnosis or treatment of infertility
 - contraception, other than contraceptive drugs and products containing a contraceptive drug
- Services or supplies associated with a covered service or supply, unless specifically listed as a covered service or supply or determined by Great-West Life to be a covered service or supply
- Extra medical supplies that are spares or alternates
- Services or supplies received outside Canada except as listed under Out-of-Country Care and Global Medical Assistance
- Services or supplies received out-of-province in Canada unless you are covered by the government health plan in your home province and Great-West Life would have paid benefits for the same services or supplies if they had been received in your home province

This limitation does not apply to Global Medical Assistance

- Expenses arising from war, insurrection, or voluntary participation in a riot
- Visioncare services and supplies required by an employer as a condition of employment

In addition under the prescription drug coverage, no benefits are paid for:

- Atomizers, appliances, prosthetic devices, colostomy supplies, first aid supplies, diagnostic supplies or testing equipment
- Non-disposable insulin delivery devices or spring loaded devices used to hold blood letting devices
- Delivery or extension devices for inhaled medications
- Oral vitamins, minerals, dietary supplements, homeopathic preparations, infant formulas or injectable total parenteral nutrition solutions

- Diaphragms, condoms, contraceptive jellies, foams, sponges, suppositories, contraceptive implants or appliances
- Any drug that does not have a drug identification number as defined by the Food and Drugs Act, Canada
- Any single purchase of drugs which would not reasonably be used within 34 days. In the case of certain maintenance drugs, a 100-day supply will be covered
- Drugs administered during treatment in an emergency room of a hospital, or as an in-patient in a hospital
- Non-injectable allergy extracts
- Drugs that are considered cosmetic, such as topical minoxidil or sunscreens, whether or not prescribed for a medical reason
- Fertility drugs, whether or not prescribed for a medical reason

Prior Authorization

In order to determine whether coverage is provided for certain services or supplies, Great-West Life maintains a limited list of services and supplies that require prior authorization.

These services and supplies, including a listing of the prior authorization drugs, can be found on the Great-West Life website as follows:

http://greatwestlife.com/001/Client_Services/Group_Plan_Members/Forms/Prior_Authorizations_Forms/index.htm

Prior authorization is intended to help ensure that a service or supply represents a reasonable treatment.

If the use of a lower cost alternative service or supply represents reasonable treatment, Great-West Life may require you or your dependent to provide medical evidence why the lower cost alternative service or supply cannot be used before coverage may be provided for the service or supply.

Health Case Management

If you or one of your dependents apply for prior authorization of certain supplies or services, Great-West Life may contact you to participate in health case management. Health case management is a program recommended or approved by Great-West Life that may include but is not limited to:

- consultation with you or your dependent and the attending physician to gain understanding of the treatment plan recommended by the attending physician;
- comparison with the attending physician, of the recommended treatment plan with alternatives, if any, that represent reasonable treatment;
- identification to the attending physician of opportunities for education and support; and
- monitoring your or your dependent's adherence to the treatment plan recommended by the attending physician.

In determining whether to implement health case management, Great-West Life may assess such factors as the service or supply, the medical condition, and the existence of generally accepted medical guidelines for objectively measuring medical effectiveness of the treatment plan recommended by the attending physician.

Health Case Management Limitation

Great-West Life can, on such terms as it determines, limit the payment of benefits for a service or supply where:

- Great-West Life has implemented health case management and you or your dependent do not participate or cooperate; or
- you or your dependent have not adhered to the treatment plan recommended by the attending physician with respect to the use of the service or supply.

Health Case Management Expense Benefit

Expenses associated with health case management may be paid for by Great-West Life at its discretion. Expenses claimed under this provision must be pre-authorized by Great-West Life.

Designated Provider Limitation

For a service or supply to which prior authorization applies or where Great-West Life has recommended or approved health case management, Great-West Life can require that a service or supply be purchased from or administered by a provider designated by Great-West Life, and:

- limit the covered expense for a service or supply that was not purchased from or administered by a provider designated by Great-West Life to the cost of the service or supply had it been purchased from or administered by the provider designated by Great-West Life; or
- decline a claim for a service or supply that was not purchased from or administered by a provider designated by Great-West Life.

Patient Assistance Program

A patient assistance program may provide financial, educational or other assistance to you or your dependents with respect to certain services or supplies.

If you or your dependents are eligible for a patient assistance program, Great-West Life can require you or your dependent to apply to and participate in such a program. Where financial assistance is available from a patient assistance program in which Great-West Life requires participation in, Great-West Life can reduce the amount of a covered expense for a service or supply by the amount of financial assistance you or your dependent is entitled to receive for that service or supply.

How to Make a Claim

- **Out-of-country claims (other than those for Global Medical Assistance expenses)** should be submitted to Great-West Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Great-West Life Out-of-Country Claims Department immediately as your Provincial or Territorial Medical Plan has very strict time limitations.

Access GroupNet for Plan Members to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. You must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Great-West Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

You should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Great-West Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial or Territorial Medical Plan portion. Your Provincial or Territorial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province or territory. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Great-West Life's Out-of-Country Claims Department at 1-800-957-9777.

- **Claims for expenses incurred in Canada, for paramedical services and visioncare**, may be submitted online. To use this online service you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Great-West Life as soon as possible, but no later than 6 months after you incur the expense.

You must retain your receipt for 12 months from the date you submit your claim to Great-West Life as a record of the transaction, and you must submit it to Great-West Life on request.

- **For all other Healthcare claims**, access GroupNet for Plan Members to obtain a personalized claim form or obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Great-West Life Benefit Payment Office as soon as possible, but no later than 15 months after you incur the expense.

- **For drug claims**, your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

When your coverage ends, return your direct pay drug identification card to your employer.

DENTALCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges to the extent they do not exceed the dental fee guide level shown in the **Benefit Summary**. Denturist fee guides are applicable when services are provided by a denturist. Dental hygienist fee guides are applicable when services are provided by a dental hygienist practising independently.

All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is recognized by the Canadian Dental Association, it is proven to be effective, and it is of a form, frequency, and duration essential to the management of the person's dental health. To be considered reasonable, treatment must also be performed by a dentist or under a dentist's supervision, performed by a dental hygienist entitled by law to practise independently, or performed by a denturist.

You are only covered for dentalcare benefits that apply to the option that you choose as shown in the **Benefit Summary**.

Your dentalcare coverage terminates when you reach age 70.
