The Anglican Church of Canada

**Exit interview tool**

This Exit Interview Tool has been developed at the request of numerous participants in the Congregational Fresh Start Program.

Use of these tools are strictly optional.

The *Exit Interview Tool* is a guideline for a dialogue between the Cleric who will be leaving a parish and the Wardens of that Parish. The intent of the conversation is to let the Cleric give helpful feedback to the Wardens regarding the experience of ministry in that place. The wardens are then in a position to utilize the information for improving or affirming the ministry and the conditions of ministry for the Parish. This is an optional process and should be conducted strictly for the purposes of providing constructive feedback that will aid the parish in Christ's ministry and mission in the world.

The questions provided are a guideline only. The Wardens may incorporate or delete questions as they are appropriate to their particular setting.

It is recommended that the tool be given to the cleric ahead of time so that she/he might reflect on the questions.

The tool does not need to be forwarded to Church House as it is an internal document for the Parish. Please note: neither parts of this document are intended to be a performance appraisal. As well, the information may not be shared by one parish with another as a reference for a cleric except at the option of the cleric. There are strict guidelines with regards to privacy and confidentiality in this regard.

As well, there is an *optional tool* in this package for the purpose of the *Cleric* who might wish to encourage feedback on their ministry in order to affirm their strengths and seek suggestions about areas of development. Use of the tool is at the Rector's choice and the willingness of the Wardens to participate. It is intended for constructive feedback.

Feedback and suggestions about the helpfulness of this tool or questions can be directed to The Venerable Willi Kammerer, Director of Human Resources.
