

Diocese of Huron Sick Leave and Short Term Disability Policy - Clergy

injury.

The Sick Leave and Short Term Disability policy is designed to provide position and salary continuation in the event of illness or

ELIGIBILITY

Clergy working in the Diocese of Huron under a letter of appointment from the Bishop in an ongoing ministry position as detailed in their letter of appointment.

APPLICATION

When a cleric is unable to perform services, a parish event or a meeting due to illness or injury.

ACCRUAL

Sick leave is accrued based on a cleric's regularly scheduled hours of work. A full-time member accrues sick leave at the rate of one half (.5) day per completed month of service up to six (6) days using the same year as vacation calculation (July 1–June 30). A regular, part-time cleric accrues sick leave on a pro-rata basis. The maximum sick leave accumulation is twelve (12) work days.

USAGE

Accrued sick time may be used for the following reasons:

- Medical diagnosis, care, treatment, or preventive medical care of the staff member's own physical or mental illness, injury, or health condition
- Medical diagnosis, care, treatment, or preventive medical care of a family member's physical or mental illness, injury, or health condition to a limit of five (5) days between July 1 and June 30.

Earned but unused sick leave credits are not paid out at end of employment.

NOTIFICATION

A cleric must notify their Territorial Archdeacon as soon as they know that they will be unable to work, but no later than the starting time of the work day. The Territorial Archdeacon will work with the wardens as needed to ensure the parish needs are met.

When a cleric has been out on sick leave for more than ten (10) consecutive work days, they may be required by the Human Resources Officer on behalf of the Bishop to submit documentation from a health care provider certifying the medical necessity for the absence and the expected date of return to work. The cost for such documentation will be paid for by the Diocese. All absences for illness must be reported to the Human Resources Officer for tracking.

LIMITATIONS

STD is limited to seventeen weeks (17) in a 12 month rolling period measured from the first pay out of the workplace. Only one leave up to (17) seventeen week period will be paid during that 12-month period. The ten (10) day waiting period will apply to all new leaves.

STD may only be used when a cleric has a continuous, incapacitating serious health condition as certified by a physician. STD cannot be used for an intermittent leave or to care for a family member.

A cleric is not eligible for holidays or special vacation periods which may occur while they are receiving short-term disability payments. Additional sick leave and paid time off are not accrued during periods of short-term disability.

Timeline	Action
